ABOUT ME

- Over 10 years of experience in logistics, supply chain, and sales with a proven track record of success.
- Strong expertise in automation and technology integration to streamline workflows and enhance efficiency.
- - Created tools for automated call reports, document generation, and communication workflows, reducing manual workload by over 50%.
- Solid background in inventory management, demand planning, and S&OP processes.
- Proven ability to build and maintain strong customer relationships, leading to increased customer satisfaction and loyalty.
- Demonstrated skills in problem-solving, strategic planning, and operational optimization.
- Ready to contribute innovative solutions and drive your company's success through efficiency and excellence.

MY OBJECT

With my experience and the projects that I have worked on, I am capable of developing an AI system.

This system will automatically manage tasks and allocate them to other departments without human intervention, thereby saving both time and money."

EXPERIENCES

Years of Experiences: 10+

08/2025 - 06/2026:

Sales Executive

Song Kim Technology CO., LTD

* Responsibilities:

- Identified and developed potential customers through telesales activities.
- Contacted clients, arranged meetings, and provided consultation on automation and control solutions tailored to customer requirements.
- Collected project information, assessed customer needs, and prepared quotation plans.
- Conducted site surveys and coordinated with relevant stakeholders to evaluate actual installation and construction conditions.
- Monitored project progress and provided support throughout the implementation process.

* Key Achievements:

- Acquired a solid understanding of electrical control panel wiring and operation procedures.
- Developed knowledge of lighting control systems and related electrical devices.
- Gained hands-on experience in surveying and implementing lighting systems at project sites.
- Enhanced technical consulting skills and experience working directly with customers on-site.

04/2025 - 07/2025:

Sales Executive

Long Khang Technology CO., LTD

* Responsibilities:

- Generated new business opportunities through telesales and business development activities.
- Arranged meetings at the company office or LightHub showroom to introduce solutions and products.
- Collected project information, including 2D/3D drawings and related technical requirements.
- Collaborated with the Design and Costing departments to develop suitable solutions and commercial proposals.
- Worked closely with the Team Leader to present and consult on lighting and control solutions for clients.

* Key Achievements:

- Gained a comprehensive understanding of business operations and project implementation processes in the lighting industry.
- Developed foundational knowledge of lighting technology, luminaire selection, and practical applications in construction projects.
- Became familiar with smart control systems such as Lutron and Crestron.
- Strengthened cross-functional collaboration and customer consultation skills.

05/2024 – 03/2025

Sales Executive

CMPI LOGISTICS CO., LTD

* Telesales Responsibilities:

- Contact customers involved in importing activities to introduce services and establish strong business relationships.
- Regularly update the customer database and maintain accurate records of interactions.
- Prepare comprehensive reports to track telesales performance, including daily, weekly, and monthly summaries.
- Address customer inquiries, provide tailored solutions, and follow up on potential leads to convert them into loyal clients.

* Key Achievements:

- Designed and implemented innovative automation tools to streamline processes, significantly reducing manual workload and saving time:
 - Automated Call Reports: Instantly generate detailed reports summarizing customer interactions after calls.
 - Automated Document Generation: Develop tools to create personalized introduction letters and quotations automatically.

- Automated Communication Workflow: Simplified the process of sending professional documents (e.g., quotations and introduction letters) to customers with a single click.
- Increased efficiency in telesales operations by integrating technology and reducing processing time by over 50%.
- Enhanced customer engagement and satisfaction by delivering faster responses and more professional communication.

05/2022 – 08/2023:

General Planner

DC Tech CO., LTD

* Manage Inventory:

- Conduct daily stock checks to compare theoretical quantities with actual stock levels in the warehouse.
- Identify discrepancies and promptly report any differences to the relevant departments.
- Implement corrective actions to resolve inventory inconsistencies and ensure accurate stock records.

* Support Sales in Distribution:

- Monitor item schedules and proactively notify Sales teams when items are approaching delivery or replenishment.
- Create detailed plans for handling multiple orders simultaneously, ensuring smooth operations and timely delivery.
- Coordinate with logistics and warehouse teams to manage delivery schedules and avoid delays.
- Provide real-time updates to Sales teams regarding order progress, stock availability, and potential issues.
- Collaborate with Sales and warehouse staff to streamline workflows, enhancing the efficiency of the distribution process.

* Key Achievements:

- Improved inventory accuracy by implementing a systematic approach to stock checks and reporting.
- Successfully optimized delivery schedules for high-priority orders, ensuring customer satisfaction and timely fulfillment.
- Strengthened collaboration between Sales and warehouse teams, resulting in improved operational efficiency and reduced errors.

10/2018 – 2/2021:

Outsourcing, Demand Planner, Supply Planner

Phu Khang Phat CO., LTD

* Outsourcing (10/2018 – 08/2019):

- Obtain quotations from customers.
- Plan sourcing from both internal and external suppliers.
- Source materials from external suppliers if internal sources can't meet customer needs.
- Compare payment terms, lead times, and delivery conditions among vendors.
- Approve purchases through contracts, invoices, packing lists, B/Ls etc.
- Track, monitor, and update order schedules.
- Notify relevant departments when an order is approaching.
- Evaluate supplier performance using KPIs.

* Demand and Supply Planner (09/2019 – 02/2021):

- Update weekly, monthly, and quarterly sales and safety stock reports.
- Analyze and clean historical data and marketing plans for forecasting.
- Create demand forecasts using techniques such as Moving Average and Exponential Smoothing, and work with Sales and Marketing teams to align forecast numbers.
- Organize S&OP meetings with Sales, Marketing, and Operations to review supply scenarios.
- Prepare functional plans for Sales & Marketing, Operations, and Supply after approval from the Director.
- Upload the consensus S&OP forecast to the Google Drive system.
- Plan material procurement for timber based on BOM (Bill of Materials).
- Work with Sales, Marketing, and Operations to maintain safety stock levels and resolve stock issues.

10/2016 – 9/2018:

Warehouse Manager, Import/Export Executive & Outsourcing

APP TIMBER CO., LTD

* Warehouse Manager (10/2016 – 05/2017):

- Managed inbound and outbound timber operations.

- Inspected the quantity and quality of timber.
- Applied protective chemicals to prevent insect damage.
- Organized timber storage for easier access.
- Ensured the warehouse was the cleanest and most customer-friendly location, often hosting customer visits.
- Prepared monthly timber reports.
- * Export and Import Executive (04/2017 – 09/2018):
- Checked and prepared import documents from suppliers.
- Informed customers when containers would arrive at the warehouse.
- Prepared all documents for unloading containers.
- Resolved issues with damaged containers or incorrect timber deliveries.
- Addressed debit notes with forwarding companies.
- Reported to the director once all tasks were completed.
- * Research Sourcing (11/2017 – 09/2018):
- Researched sourcing based on director inquiries.
- Visited warehouse suppliers to expand knowledge.
- Checked the quantity and quality of items before loading into containers.
- Informed the director when all tasks were completed.

7/2015 – 9/2016:

Import/Export Executive, Warehouse Supervisor

Phu Tho Wholesale CO., LTD

* Import/Export Executive:

- Checked and processed import documents.
- Opened customs declaration forms.
- Collected Delivery Orders (D/O) for specific shipments.
- Paid premiums for containers at the shipping line.
- Managed importation from Cat Lai port to the warehouse and exportation to domestic companies.

* Warehouse Supervisor:

- Addressed issues related to wooden bundles.
- Selected and arranged goods for customer sales.

3/2014 – 6/2015:

Customs Clearance Staff & Sales Logistics

Thanh Long CO., LTD

* Customs Clearance Staff (03/2014 – 12/2014)

- Collected documents from importers.
- Opened customs declaration forms.
- Worked with customs to release cargo from ports, such as Cat Lai.

* Sales Logistics (01/2015 – 06/2015):

- Sought out customers.
- Prepared price quotations.
- Persuaded customers to continue using the company's services and resolved customer issues.
